By Pearl Resorts

LE NUKU HIVA

by Pearl Resorts,

Set on the hillside, in a lush tropical garden, Le Nuku Hiva by Pearl Resorts offers an unobstructed view of Taiohae Bay.

Here, between the ocean and the mountain, the sun sets the pace of the day, deploying the charms of its energizing glow every morning, and the promise of enchanting tomorrows every evening.

The Lodge and its 20 spacious bungalows will be the ideal base from which to explore the island and its countless treasures.

Each attentively decorated bungalow combines modern comfort and local materials, sculpted or embellished by Marquesan artists.

A pleasant walk will take you to a black, warm sand beach and the small town of Taiohae.

At the end of the day, from the pool or the bar, relax and let Mother Nature cradle you in its generous embrace. Le Nuku Hiva by Pearl Resorts experience aims to be authentic, laid-back, in harmony with the Marquesan life philosophy.

Our Philosophy

At Le Nuku Hiva, we strive at providing the beautiful and mysterious life of the Marquesas.

Explore the culture of the Marquesas with organized excursions to share, understand and appreciate the beauty of Nuku Hiva:

Hike, walk or bicycle in the spectacular landscape, horseback ride through the coconut groves arriving at a plateau with breathtaking views, discover the fascinating archeological sites, scuba dive with a hammerhead shark, take a four wheel drive photo safari tour into the interiors of the lush mountains and valleys or take a day trip by boat to the beautiful Hakau Valley with the highest waterfall of French Polynesia.

Relais & Châteaux

Charming houses where we like to share the passion for beauty and goodness.

At Relais & Châteaux, we are all artisans in the hotel and catering industry, heirs to the great cultural history of hospitality and world cuisine and we choose to be faithful to the mission we have given ourselves. : to preserve and transmit the uniqueness of cuisines and to remind every day, through our practice of craftsmen, that our humanity is expressed and is always resourceful in sharing the beautiful and the good.

About Nuku Hiva

Legend says that when the Marquesas were created, each was a piece of a house. Nuku Hiva is the roof of that faraway archipelago.

Made of 12 islands, only six of which are habited, the Marquesas Islands' native name is 'Henua Enana' or 'Land of Men'.

Nuku Hiva is the largest island (130 sq. miles) and the archipelago's administrative capital.

The most remote archipelago on the planet is divided in two groups: The Northern group (including Nuku Hiva, Ua Pou and Ua Huka) and the Southern group (including Hiva Oa, Tahuata and Fatu Hiva)

More than 900 miles north-east of Tahiti, Nuku Hiva is a mystical island hiding many natural wonders, such as the Hakau waterfall, plunging down a thousand feet.

Nature here is raw, and preserved. Encounters with wild horses, goats and boars are common.

Most of the islanders live in the three main villages: Taiohae, Taipei and Hatiheu. Many live from wood or stone carving, hunting and fishing.

THINGS TO KNOW

Useful tips to prepare your trip

- Marquesas Islands are tropical islands and receive a lot of sunshine as well as unpredictable rain showers. Bring a lot of sun protection !
- Although most resorts do their best to act against insects and mosquitoes, tropical weather conditions can affect the treatments done. Mosquito repellent is highly recommended when traveling to the Islands of Tahiti in general
- The Marquesas Islands are in a different time zone than the other islands of French Polynesia. You will have to set your watch 30 minutes forward when you arrive from Tahiti.
- Major credits cards are accepted for payment on site

The « Musts »

- Wood carving Class: A Marquesan woodcarving master will give you an extraordinary experience to let express your artist side by learning how to carve. More than an activity, it will be for you a true intercultural exchange with a local man. He only speaks French.
- Excursion: giving you a glimpse into Marquesan culture and a chance to discover breath-taking sites and vistas. These unforgettable experiences forge the identity of the island, beautiful and imposing, and make this archipelago the ultimate green tourism destination.
- Well Being Massage: Re-awaken your senses and find yourself in a complete state of calm. A traditional massage is a seamless blend of acupressure, skin rolling and firm, smooth strokes which are combined in a full body massage.
