

The Brando - 5*

Acquired by Marlon Brando in 1966, Tetiaroa, THE island of all islands, the former island retreat of Tahitian Kings, is an atoll adorned, protected area, with 12 motus (islets), surrounded by a vibrant, annular reef, and only accessible by Air Tetiaroa private flights. Inspired by Marlon Brando's original vision to create a venture of sustainable development to keep that tropical paradise intact, The Brando is now a unique model of clean and sustainable energy technology on a private island. The Resort is very proud today to announce they are close to "zero carbon impact" thanks to solar energy, water recycling, composting waste, conditioned by seawater air system etc ...

This intimate hideaway offers the very appreciated "all inclusive" concept in one of its 35 luxurious comfortable villas with private pool facing the lagoon. Large windows, natural tones and upscale amenities, they are very pleasant and invite you naturally to relax. A great success in a setting more than favorable...

The Brando offers all the classic 5 star services, but also some exclusive outdoor activities in small groups to explore this unique environment, a scientific research station, some archaeological tours retracing the history of ancient Polynesian cultural sites, outdoor cinema... Serenity & tranquility guaranteed.

Location

The Brando is exclusively served by its private company Air Tetiaroa. Scheduled flights available twice a day from Tahiti (flight duration of about 15 to 20 min), by BN2T or Twin Otter aircraft. Our heart beats especially for the discovery of the birds of Tetiaroa, the discovery of the reef, the whale watching from August to October, but above all and EXCLUSIVELY at The Brando, THE EVENING TURTLES : Tetiaroa is a major site of sea turtle nesting.
